
Christmas Outreach: Company Sample for Your Approval

Meji · 23 June 2026

Here are 200 companies across our three venue cities, Birmingham, Leicester and Wolverhampton, that we would invite to this year's Christmas events. Same checkpoint as the corporate list: have a look and confirm the targeting feels right, and we pull verified contacts and start. Nothing gets contacted until you give the word.

Who these are. Private companies based in the three cities, in sectors that book staff Christmas parties: professional services, finance and accounting, technology, marketing and media, property and construction, industrial and engineering, and hospitality. We left out the public sector, schools and colleges, the NHS, housing associations and charities. We've also removed anyone already on the warm list or the corporate campaign, and every past Moonlight & Mistletoe customer, so no one hears from us twice.

The list. A representative 200 from around 900 companies we found across the three cities (Birmingham 75, Leicester 75, Wolverhampton 50).
