

THE TREASURY COCKPIT

TreasuryCentral

Cash, investments, debt, FX and market data in one screen.

ONE COCKPIT, SIX DOMAINS

on your **SAP** data, every move logged

THE PROBLEM IT REMOVES

- ◆ See the position and act on it in one place, across all six treasury domains.
- ◆ Governance is built in, not bolted on, and there is no separate data store to reconcile.

◆ one screen | ◆ six domains | ◆ no data store | ◆ governance built in
