
Corporate Outreach: Company Sample for Your Approval

Meji Corporate Events · 17 June 2026

Here are 276 UK companies we would contact in the next corporate batch, grouped by who we would write to. Same checkpoint as last time: have a look and confirm the targeting feels right, and we pull verified contacts and start. Nothing gets contacted until you give the word.

Who these are. Private UK companies in sectors that actually book corporate events: professional services, finance and accounting, technology, marketing and media, property and construction, industrial and engineering, and hospitality. This round we left out the public sector, schools and colleges, the NHS, housing associations and charities, since those came back as the wrong fit last time.

If any sector looks too heavy or too light, say so and we adjust before pulling the full list.

Owners and CEOs (companies of 11 to 50 staff)
